## APARTMENT HELION , ZERMATT

### SUPERB VIEW OVER MATTERHORN

Apartment Helion has flat access with no steps at all: your electric taxi can drive right up to the front door. There is also a short-cut to the village down a short and steepish pedestrian route. There is a lift in the building which brings you to Helion's private floor. The apartment itself is very close to one of Zermatt's best bakeries, and is 2 minutes away from the main supermarket. There are many restaurants and cafés in the vicinity.

Helion faces south and has superb views over the village and the Matterhorn, with three surrounding balconies accessible from almost every room. There are four bedrooms sleeping eight people in total. The two larger double bedrooms have en-suite bathrooms; the smaller double bedroom has its own bathroom while the shower room can be used by the bunk bedroom.

This very spacious, light and sunny penthouse has high sloping ceilings, a fireplace of course, and beautifully chosen furnishings such as the Italian inlaid marble dining table, the Japanese folding silk screen print, the Persian rugs, the numerous paintings and drawings of the Alps and a Bose sound system. The main area is open plan, flowing from the sitting to the dining to the kitchen area. There is a separate study / TV room and numerous wardrobes everywhere finished in antique wood with traditional painted flower motifs.

The two en-suite bathrooms both have baths and W/C's; the third bathroom has a bath, W/C, washing machine and dryer, while the shower room also has a W/C. The three larger bedrooms all have cable TV's and there is free wifi throughout.

The generously proportioned master bedroom has an en-suite bathroom (bath-tub and W/C) and a queen-sized double bed. The other large bedroom with an en-suite bathroom (bath-tub and W/C) has twin beds which can be configured as a large double. The smaller bedroom has a queen-sized bed, and uses the bathroom opposite (bath, W/C, washing machine, dryer). All these rooms have French windows leading onto the balconies. The smallest room is the bunk bedroom perfect for kids or teens. This bedroom can use either the shower room (with W/C), or the bathroom opposite.
