TRANQUIL POSITIONED VILLA WITH BEAUTIFUL VIEWS

This piece of art is a special villa, located in a tranquil position and a peaceful setting. The villa is on top of a small bay and close to Lia Beach, but not too far from beaches of Kalafati, Elia and Kalo Livadi. The private infinity pool is definitely the main standout feature of the outdoor area. The design and lagoon style structure are a guarantee to amaze everyone. The extensive 270-degree water surface blends into the landscape. Poolside relaxation is guaranteed!

The villa shows a stunning contemporary all-white décor with impressive collections of artwork and a grand piano in the living room. Massive rocks are used as a backdrop in indoor areas but these rocks are also divided all over the landscape, giving the house an extra natural touch. The house has large and spacious living and dining areas and a well-equipped modern kitchen. All bedrooms have direct access to a terrace with extensive sea views. This villa offers great luxury within a tranquil environment.
