EDEN

CHALET BERGHEIM , ZERMATT

IN THE HEART OF NATURE

Nestled in the tree line at 1750m and overlooking the rooftops of Zermatt, the 4* superior chalet is directly on the sunegga ski-piste giving access to the 450 kilometers of pistes offered by the best known resort in Switzerland. Ski hard all day, grab a glass of red wine and sit in front of the open fire or enjoy the evening sunshine taking in the majestic views of the Matterhorn, that for us is the perfect day. If like us, you are in love with the mountains and you value stunning natural surroundings, your own space, and a host of amazing adventures on your doorstep then you will also fall in love with this place.

The chalet can be reached from Zermatt by foot in about 20-25 minutes. During lift operating hours, there is a free elevator from the Sunegga lift station to the Cervo hotel which removes a lot of the vertical height difference! Outside of lift operating hours the quickest way to town is via the Zig-Zag path. Or if you have a drink at the Cervo hotel they will give you a code to use the lift at any time

In Summer you can reach the chalet directly by taxi. In winter, the nearest road access point is at Chalet Luna, 400m from the chalet.

The footpaths are cleared from snow by the local council and the walks are very enjoyable, perfect for burning off your fondue! There is no traffic and you are surrounded by the mountains. We clear the snow on the short 10 metre path to the property before you arrive but during your stay snow clearance will be your responsibility. Because of this the chalet is only suitable for able bodied persons. Access may not be as easy as an apartment in town but the remoteness and sense of adventure is worth it!

In Winter, luggage transfer to and from the chalet at the beginning and end of your stay is included in the rental fee (10am-12pm and 2pm-3:30pm Monday-Saturday).

Chalet Bergheim is a 4* superior luxury chalet which was built in 1933 in traditional walliser style wooden construction. Renovated in 2013, the chalet is furnished with bespoke, hand made furniture and natural materials but with all of the features you would expect in a modern mountain chalet including free wi-fi throughout. One of the only free-standing chalets in Zermatt, the chalet sleeps 6 adults comfortably in 3 double bedrooms with 2 bathrooms.
